By Marc Lange : Because Without Cause: Non-Causal Explanations in Science and Mathematics (Oxford Studies in Philosophy of Science)

entry on explanation in the sciences from the internet encyclopedia of philosophy science from latin scientia meaning "knowledge";58 is a systematic enterprise that builds and organizes knowledge in the form of testable explanations and Because Without Cause: Non-Causal Explanations in Science and Mathematics (Oxford Studies in Philosophy of Science):

Not all scientific explanations work by describing causal connections between events or the world's overall causal structure Some mathematical proofs explain why the theorems being proved hold In this book Marc Lange proposes philosophical accounts of many kinds of non causal explanations in science and mathematics These topics have been unjustly neglected in the philosophy of science and mathematics One important kind of non causal scientific explanation is Marc Lange provides an elaborate philosophical analysis of non causal explanations in the natural sciences and in pure mathematics This is an original and thought provoking contribution to the current debate on non causal explanations in philosophy of sc
