By David M. Levine, David F. Stephan, Kathryn A. Szabat : Statistics for Managers Using Microsoft Excel, Student Value Edition (8th Edition) this july we asked for software tips from the 2017 microsoft office national champions a set of charming teens who are officially the best at using powerpoint word register on our student online book exchange save time and money by going online to buy sell and exchange used or second hand text books Statistics for Managers Using Microsoft Excel, Student Value Edition (8th Edition):

9 of 9 review helpful A little more explanation would be nice By oelig sum oelig I ve used this text for two courses at

my college statistics and regression analysis during my stats class the text was in edition 6 and during the latter class edition 7 There are MANY problems with this text I found it difficult to follow out of order and lacking in explanations as to why conclusions were drawn 3 example NOTE Before purchasing check with your instructor to ensure you select the correct ISBN Several versions of Pearson s MyLab Mastering products exist for each title and registrations are not transferable To register for and use Pearson s MyLab Mastering products you may also need a Course ID which your instructor will provide Used books rentals and purchases made outside of Pearson If purchasing or renting from companies other than Pearson the access codes About the Author David M Levine is Professor Emeritus of Statistics and Computer Information Systems at Baruch College City University of New York He received B B A and M B A degrees in statistics from City College of New York and a Ph D from New York Uni
