Algebraic Semantics of Imperative Programs (Foundations of Computing)

By Joseph A. Goguen, Grant Malcolm
DOC | *audiobook | ebooks | Download PDF | ePub

| #2878301 in Books | 1996-05-22 | Original language: English | PDF # 1 | 9.00 x .80 x 7.10l, 1.39 | File type: PDF | 228 pages | File size: 21.Mb

By Joseph A. Goguen, Grant Malcolm : Algebraic Semantics of Imperative Programs (Foundations of Computing) pucsd page 5 of 28 functional programs execute by rewriting calculus as a rewriting system logic propositional calculus alternative styles boolean algebra truth tables equational deduction formal systems syntax and semantics proof theory Algebraic Semantics of Imperative Programs (Foundations of Computing):

Algebraic Semantics of Imperative Programs presents a self contained and novel executable introduction to formal

reasoning about imperative programs The authors primary goal is to improve programming ability by improving intuition about what programs mean and how they run The semantics of imperative programs is specified in a formal implemented notation the language OBJ this makes the semantics highly rigorous yet simple and provides support for the mechanical From the Back Cover Algebraic Semantics Of Imperative Programs presents a self contained and novel executable introduction to formal reasoning about imperative programs The authors primary goal is to improve programming ability by improving intuition about
