By Zoran Stanić : Inequalities for Graph Eigenvalues (London Mathematical Society Lecture Note Series)

abebooks inequalities for graph eigenvalues london mathematical society lecture note series 9781107545977 by zoran stanic and a london mathematical society lecture note series 423 inequalities for inequalities for graph eigenvalues london mathematical society lecture note Inequalities for Graph Eigenvalues (London Mathematical Society Lecture Note Series):

Written for mathematicians working with the theory of graph spectra this book explores more than 400 inequalities for eigenvalues of the six matrices associated with finite simple graphs the adjacency matrix Laplacian matrix signless Laplacian matrix normalized Laplacian matrix Seidel matrix and distance matrix The book begins with a brief survey of the main results and selected applications to related topics including chemistry physics biology computer scienc About the Author Zoran Stani is Assistant Professor in the Faculty of Mathematics at the University of Belgrade He has published around 40 scientific papers His current research interests are algebraic graph theory numerical mathematics and computer scienc
