By Ted Herr, Ken Johnson : Problem Solving Strategies: Crossing the River with Dogs and Other Mathematical Adventures buy crossing the river with dogs problem solving strategies crossing the river with dogs and other mathematical adventures 2nd edition by ted herr problem solving strategies crossing the river with dogs and other mathematical adventures why teach a course in problem solving Problem Solving Strategies: Crossing the River with Dogs and Other Mathematical Adventures:

5 of 5 review helpful No answer keys to problem sets By Armchair Critic I like the strategies used in this book I use it to homeschool my 10 year old son who does math at a pretty advanced level My biggest problem with it is no answers are provided in the back for all the problem sets which makes it difficult to use the book for self study It would ve been a 4 to 5 star otherwise 3 of 3 review helpful Problem Solving Strategies Crossing the River with Dogs and Other Mathematical Adventures Why Teach a Course in Problem Solving The NCTM Principles andStandards state that

problem solving should be integrated throughout all courses and grade levels For example guess and check is a natural strategy to apply in algebra Advanced math students often use finite differences to study functions and sequences And drawing a diagram and using physical re
