By **Giulia Traverso, Denise Demirel, Johannes Buchmann** : **Homomorphic Signature Schemes: A Survey (SpringerBriefs in Computer Science)** Homomorphic Signature Schemes: A Survey (SpringerBriefs in Computer

Science):

Homomorphic signature schemes are an important primitive for many applications and since their introduction numerous solutions have been presented Thus in this work we provide the first exhaustive complete and up to date survey about the state of the art of homomorphic signature schemes First the general framework where homomorphic signatures are defined is described and it is shown how the currently available types of homomorphic signatures can then be derived From the Back Cover Homomorphic signature schemes are an important primitive for many applications and since their introduction numerous solutions have been presented Thus in this work we provide the first exhaustive complete and up to date survey about the
