Cryptographic Hardware and Embedded Systems - CHES 2000: Second International Workshop Worcester, MA, USA, August 17-18, 2000 Proceedings (Lecture Notes in Computer Science):

These are the pre proceedings of CHES 2000 the second workshop on Cryp graphicHardware andEmbedded Systems The rst workshop CHES 99 which was held at WPI in August 1999 was received quite enthusiastically by people in academia and industry who are interested in hardware and software imp mentations of cryptography We believe there has been a long standing need for a workshop series combining theory and practice for integrating strong data curity into modern comm
